

# NuPlus®

## Enjoy balanced nutrition.

A nutritionally balanced diet helps maintain and improve our general health. Unfortunately, our daily food intake is often unbalanced. Sunrider's most basic herbal food, NuPlus®, is specially formulated to fill in nutritional gaps and serve as a foundation on which to build a healthy diet.

NuPlus® contains a balanced blend of easily absorbable complex carbohydrates derived from concentrated herbs, a variety of legumes, and natural freeze-dried fruit. Based on the Philosophy of Regeneration®, NuPlus® nourishes the body with bioflavonoids, antioxidants, amino acids, and phytochemicals from whole-food sources.

Naturally low in fat and cholesterol, NuPlus® makes a smart choice to consume with meals or as a snack. Quick and easy to prepare, it's perfect for an on-the-go lifestyle. Just mix a scoop of NuPlus® in 6-8 ounces of water, juice, or your favorite Sunrider® beverage. Enjoy it by sprinkling over cereal and oatmeal or simply eat it with a spoon. It also adds a nutritional punch to smoothies.
