

VitaShake®

The Super Shake.

VitaShake® is a whole food powder made with concentrated herbs, vitamins, minerals, and antioxidants. It helps fill in any nutritional gaps in your diet with the added benefit of whole fiber. This “super shake” is also formulated with coix fruit, a powerful antioxidant, and fructooligosaccharide (FOS), a probiotic soluble-fiber carbohydrate that supports the growth of beneficial bacteria. Phytonutrients and high-quality soy protein (similar to superconcentrated tofu) add further nutritional balance.

While most protein and nutritional shakes are a cocktail of chemical additives, artificial flavors, and artificial sweeteners, VitaShake® is free of those potentially harmful ingredients. It's a unique product in today's “shake” market with fewer than 100 calories a serving, no cholesterol, very low sodium, and very low sugar. And because we use a whole-food base with natural vitamins and minerals in our exclusive formulation, your body is better able to absorb the nutrients.

Mix VitaShake® with your favorite Sunrider® herbal beverage for a healthy breakfast, snack, or meal supplement. Delicious, nutritious, and convenient, VitaShake® is the perfect blend for your life.

Owner Expertise

Researched, developed, and made by Sunrider in Southern California.

The Philosophy of Regeneration®

Replenishes the body with whole foods to support optimal health.

Superior Ingredients

The whole food base with concentrated herbs and antioxidants enhances bioavailability.

Diet Support

Nutrient dense with no empty calories. Supports any weight-management program.

No Bad Stuff

Contains no added sugar, artificial sweeteners, artificial flavors, or preservatives.

Fits Your Life

Perfect for an active lifestyle. Makes an ideal meal replacement or snack.
